ABOUT

Orchard Hills

26 Units will be developed, each on its own spacious stand. Stands are on average 685m². Orchard Hills is a 3.5 ha estate conveniently located 5 minutes from town on the main road towards Hoedspruit. The estate will be pet friendly and situated in between orchards to create a true country atmosphere.

Hoedspruit is a fast-developing town and in need of affordable quality homes of high standard finishes. In Hoedspruit town, a new mall were approved for construction and a private hospital is currently being built; which will attract more cosmopolitan residents.

We have successfully constructed and sold high end units to the local and foreign market on Leadwood Big Game estate, Raptors View Wildlife Estate, Moditlo Game Reserve, Olifants Game Reserve and Timbavati.

We identified the need for local housing in the community which has sparked a lot of interest from local residents wanting to move out of town and living a more luxurious and restful life.

LAYOUT PLAN

A woman with long dark hair, wearing a wide-brimmed hat and a light-colored dress, is smiling and reaching up to touch a branch of an orange tree. The background is a lush orchard with many green leaves and ripe orange fruits. The scene is bathed in warm, golden light, suggesting late afternoon or early morning.
